EDUCATION

DOĞUŞ UNIVERSITY

September 2023 – Present

Software Engineering — 3rd Year Student

SKILLS & COMPETENCIES

- C#
- .NET CORE
- JAVA
- MSSQL
- DOCKER
- INGİLİZCE (ADVANCED)
- GIT GITHUB

PROJECTS

Ticket Management System(Teknopark Internship Project)

- Developed a ticket management application that allows users to create, update, and manage support requests.
- Technologies: Java, Spring Boot, REST API, Maven, MSSQL, Docker, Git/GitHub

Uni2Clup Project — University Club & Event Management System (Team Project – 3 Members)

- Developed a full-stack web application designed to digitalize university club operations, including event creation, management, announcements, and survey processes.
- Technologies: C#, .NET, TypeScript, JavaScript, HTML/CSS, REST API, Docker, Git/GitHub

Uni2Clup Project — Ollama LLM AI Integration

- Developed an AI-powered recommendation system by integrating an Ollama-based LLM, enabling personalized club and event suggestions for students through behavior and preference analysis.

Processing NASA Climate Parameters with Python

- Worked alongside Assoc. Prof. Dr. Burak Kızılöz on downloading climate parameters from NASA and processing the datasets using Python for use in an academic publication.

PROFILE

I am a 3rd-year Software Engineering student at Doğuş University, focused on improving my skills in software and application development. I enjoy taking active roles in team-based projects and adapting quickly to new technologies driven by my personal curiosity. I am open to new ideas and continuously aim to improve myself in the field of software development. My goal is to enhance my technical abilities and contribute to meaningful, high-impact projects.

PROJECTS

- Ticket Management System
- Uni2Clup Project
- Ollama LLM Integration (Uni2Clup Project)
- Processing NASA Climate Parameters with Python

INTERNSHIP EXPERIENCE

Teknopark İstanbul - August 2025

Java Backend Developer Intern

- Developed a Ticket Management System using Java and Spring within a Docker-based environment.
